United Way of St. Charles

The last few years have been turbulent for all of us. Now, we're weathering the storm of inflation. Our work to help residents meet basic needs is all the more important. In fact, more than half of our program spending provides basic needs – food, healthcare, and shelter. Since COVID, we made the decision to use our "rainy day" reserves to fund programs to meet those needs. It was the right thing to do, but our reserves are gone now. However, thanks to our generous donors, we're able to make an impact in the lives of thousands during their personal rainy days. When we make our fundraising appeal, we do so humbly, knowing that every dollar represents a steadfast commitment.
